DCT Program Ends Successful Year

Twelve students of BGHS completed the DCT program, working a total of 10,000 hours with net earnings of \$9,395.46, an average rate of pay 91 cents per hour. These students received valuable training in 12 different businesses in South Bay and Belle Glade.

Coordinator of the program, Wayne Fortenberry, expressed that the DCT program had been the most successful year, due to the cooperation of everyone concerned including employers, school, parents, business people and students. Twenty prospective students have signed up for next year's program, according to Mr. Fortenberry.

Working through the summer and probably year round for some of the students are Carolyn Markham, Sean Reebuck, Jane Bates, Everglades Savings and Loan, and the City of Belle Glade.

Other students include: William Store, Jerry Rhymes, Hollingsworth, Sherry Store, Billy Schell, and the City of Belle Glade. Griffin Bell U. S. D. A., Powell, and Hannah Powell, GAC Loan Co.

Carlot Movement Of 29,800 Makes 18,000,000 Packages

The Glades shipped some 32 million dollars worth of vegetables this past season, and about eight to ten million dollars worth of beef to go with them. We also produced and sold some twenty million dollars of sweetening - raw sugar and black strap; we furnished about two million dollars worth of sod for front lawns.

Of course corn brought the most money for one crop, and generally was the most lucrative - last year brought a total of near \$10,740,000, 700,000 carlots.

Celery came in next in tonnage and Glades brought back 8,377 cars for a total of approximately \$7,924,642, and with an unusually low average of \$172 per car.

Beans came third in individual volume with 2306 carlots at an average of \$1,771 per car, totaling \$4,082,724.

The leafy lettuce type (goat food as referred to by some growers) to make salads as a group brought in around \$3,200,000 in a most disastrous year in this commodity.

Cabbage and potatoes each went above a million in the average bracket for \$1,350,000 and \$15,000 over a million for potatoes.

The little red radish, packed in cellophane - close to 50,000 packages or a billion and a half radish - brought in close to a million and three quarters dollars.

We also furnished 102 cars of parsley for garnishing the meat. Near sixty million dollars in income from agricultural products from a corner of this county makes the Glades important in any discussion in any bank, board room, finance institution, or "do-gooders" debating society.

We helped transportation - truck and rail to the tune of some 12 to 15 million dollars; we kept fertilizer and crate factories busy producing and working over collecting. The collection problem isn't too bad, however, for they are all back looking for more next year.

Cost of transportation from the Glades is not included in our estimate of sales value - in the figures are Fob prices in the market.

Weather conditions caused irregular quality and size of crop, with the sales reported in November and the last till end of May.

Rains caused poor quality during the fall and winter, with very good quality during the spring harvest. U. S. Fanny was the general thing during the spring. As many as 277 cars were shipped in one day, on several occasions. 1174 cars were moved during one week in May. 4,500 cars of the total of around 7,000 moved during April and May.

Potatoes. Digging began light on December 15th, regular digging began on December 20th, and continued week in February for the winter crop. The quality was generally good.

Endive, escarole, lettuce, romaine and parsley make up these crops, with prices generally very unsteady. Some of this was brought about through frost.

Farmers Make Money For Everybody Except The Farmer

With approximately 30 thousand carlot equivalents in total vegetables movement, and an average of 600 packages per car, we find that near 18 million packages were harvested and marketed.

There were several thousand acres of celery, corn, beans and leaf crops that were not harvested during the season, on which wages were spent.

The approximately two million dollars worth of sold included considerable labor to grow and load on trucks.

The cattle business, not as productive in wages as other crops, did, however, produce substantial wages.

The Okelanta mill paid out a majority of its wages to folks living around the south end of the Lake.

U. S. Sugar's payroll for field operations and harvest to workers around the east and south end of the Lake needs seven figures to "write down."

A dollar per package sold for wages seems to be a conservative figure.

Add to this labor for sold, cattle Okelanta's and U. S. Sugar's payrolls in this area.

Twenty million dollars, plus for payroll paid out - daily, weekly and bi-monthly appears to be a modest estimate.

Add to this the revenue to

fertilizer and crate manufacturers and the most substantial figures are going to transportation, with the fringes wages for representatives in the area, and we must come to the conclusion that

AGRICULTURE IN THE GLADES IS BIG BUSINESS!

Analyzing the costs for "putting in the car" any one of the vegetables shipped, and we must come to the conclusion that this past year has been a disastrous one for the farmer himself.

Corn, beans, potatoes are generally considered "not in the red" for the area, though no substantial profit came to the farmer even with the current season.

A farmer with only one of these at the right time, could have made substantially, if he had all three during the good markets, he's unusual.

The normal troubles of the vegetable farmer, weather, quality, market at time of harvest and oversupply - seem to have discouraged many this season.

One oldtimer - farmer and broker - said "The farmer has had returned to him this year, the Okelanta's and U. S. Sugar's payrolls in this area."

Facts and figures seem to support this opinion. The farmer made money this year for everybody - except the farmer.

Mayor Davidson Honored In County

Mayor Paul Davidson was elected by the Association of Municipalities of Palm Beach County at a recent business meeting of the organization.

This group meets regularly and exchanges ideas and discusses problems which are common to most of the County's incorporated areas.

City Subdivision Ordinance Modernizes Expansion System

Since the many surveys and prognostications as to Florida's future growth, and particularly our area, predicts an expansion of about 20-25% during the next decade, we must look to the manner in which the community is to grow.

After months of study, our City Fathers have come up with an ordinance, which has passed its second reading, which is based on actions covering the subject in many of Florida's communities.

Some of its terms are harsh compared with previous conditions, it is for the protection of new buyers as well as those who now own homes here.

Below is an account of its main provisions:

If you provide a parcel of land into for more than one purpose of transfer of ownership or building development, or if a new street is involved, and you wish to make any division of a parcel of land you come under the subdivision ordinance of the City of Belle Glade.

You must first submit a drawing or sketch of the proposed subdivision, along with a legal description of the land, the suggested name, deed, residence, location of utilities, streets, drainage facilities together with a map showing the owners and the engineer who will prepare the final plat.

The application for approval must be made to the City Manager who will have three days to notify the Planning Board and City Public Works Manager, who themselves will have five days to which to say "yes" or "no." If you object to the re-

quirements of this group you can appeal to the City Commission.

Now that you're straightened out with the ordinance, the plan you must deposit with the City a performance bond for the completion of the proposed improvements within one year.

The Commission, for reason, might extend this time for another year.

You may request the City to build the streets, install the water lines, and if applicable, install the sewer, which will do. However you must deposit the estimated cost of these improvements with the City.

With the improvements and the City maintains them - streets, water lines and sewer facilities.

The City will build, water streets for \$3.50 per running foot; it will install water pipes as follows: 86¢ per foot for two inch pipe, 2.22¢ per inch pipe and \$146.50 for each hydrant.

The city will also run the mains a maximum of 500 feet to get to your subdivision.

This subdivision ordinance has been patterned after similar ordinances in many Florida cities and is for the general good of the community.

Glades 4-Hers Attend Gainesville Course

Among the 365 4-H boys from over the state to attend the one week short course at Gainesville, the Glades had four boys: Neil Walker and Phillip Mansfield of South Bay, Joe Graham of Palm Beach and Walter Parker of Canal Point.

The week's course introduced the boys to the many opportunities of agriculture, acquainted them with the campus of the University and gave them intensive training in various phases of agriculture and horticulture.

Mr. Griffin congratulated Palm Beach County's delegation. The boys attending were some of the outstanding 4-H boys of Florida; they have qualities and abilities for being future leaders of agriculture in Florida.

Mr. Griffin, County Agent and Chas. Tucker, County Agent, accompanied the boys on the trip.

Seminole Promotes Marshall As Mgr.

Following its policy of promoting managerial personnel from its own employees, Seminole Life Insurance Company, Inc. has promoted J. C. Marshall as District Manager in the Glades, effective June 1st.

Mr. Marshall joined Seminole Life Insurance Co. in May of 1948 and received his first promotion in late 1948 as Special Agent. In March of '50 he was promoted to the position of Staff Assistant, and from this position assumed the District Manager ship.

The Seminole Staff of eight agents and two Superintendents in the Belle Glade area have always made their mark in the records of the Company, says Mr. Marshall, and I am sure that when the year is ended we will be among the record making offices of the Company for this group is seasoned and great believers in their service to the public.

Mr. Marshall has been a resident of the Glades since '52 and is a booster for the western part of Palm Beach County.

Important Meeting

All civic organization representatives and other interested persons are urged to be at the "Clean-up Belle Glade" campaign organizational meeting Monday night June 27, 8:00 o'clock at the Chamber of Commerce building.

New Fishing Licenses

New fishing licenses went on sale June 15. By purchasing your license at the Glades Office you save 25 cents, according to Mrs. M. Pope.

Mr. Marshall, supply of all series are on hand. Mrs. Pope also announces the new fishing deadline for small claims court is July 10.

Roller Rink Owner Suffers Arm Injury

Robert Bailey, owner and operator of the roller rink on State Road 715, suffered an arm injury this week while working on the rink getting ready for the grand opening this Friday and Saturday.

An arm ligament was reported as completely torn and will require cutting in two places to tie it back together, according to Dr. Raymond Roy, West Palm Beach surgeon.

Barring any complications, Bailey expects to be released Friday morning from the hospital.

COMPETITION IS YOUR BEST FRIEND

Most of us think of competition as the bane of our daily business lives, when actually it is one of the most beneficial conditions under which you can conduct any business operation.

Have you ever considered what competition does for you? It keeps you on your toes; it requires a better job of business management; it dictates excellent service and a respect for the desires of your customers.

In other words, competition eliminates the "weak sisters." Of course, some will denounce a business world in which only the strong survive as bad, uncharitable, oppressive and generally unkind to your fellowman.

This is one of the great emotional appeals of socialism—and it is definitely wrong!

Some business competitors may be enemies—but business competition is a valuable friend.

Think of competition as a means of directing the energies of people into channels for which they are best suited, steering them away from those areas for which they are not equipped to compete.

In serving this function, there is no doubt that competition becomes your best friend.

Publisher - The Welding Distributor

Uncle Dan From Democrat River

Dear Mister Editor:

It may be getting a little later than them yams in the Kremlin, I think I see where the wimmen in Moscow is complaining that they're mighty tired of wimmen's dresses. They have told Khrushchev they want to be better shod and less shod. They've demanded to look and smell nicer, want to get rid of them peasant styles, want perfume, gaze-me-god frocks and a new look. Ole Khrushchev better be bending a big ear to this noise. In the matter of a country's survival, the female can be more important than the male. The Kremlin would be smart to start reading the handwriting on the wall, while the wall is still there.

I see where some big column writer has estimated there are nearly three million people in the United States that don't read nothing but the comic strips. He says we got 50,000 people in this country that think Dick Tracy is the head of the FBI. There's two ways to look at that thing, Mister Editor. Maybe one reason we got such a great country is because we got so many people in it that don't do nothing but follow the pursuit of happiness. If they get it just reading the comics, who is this column writer to be complaining?

Speaker of column writers, I see where this fellow Bernard Baruch, setting on one of them park benches in New York, told his mighty tired of wimmen's dresses. They have told Khrushchev they want to be better shod and less shod. They've demanded to look and smell nicer, want to get rid of them peasant styles, want perfume, gaze-me-god frocks and a new look. Ole Khrushchev better be bending a big ear to this noise. In the matter of a country's survival, the female can be more important than the male. Four Lining Of 27 Nope Not In PB County

Conversion of more than eight miles of U. S. 27 from two-lane to four-lane highway in Hendry County is expected to be started by June 24, the State Road Department announced today.

Libert L. Rogers, county engineer, Road Board Member for District One, said the \$809,107 project, extends from Olympic Street in Clewiston west to the intersection at Whiddens Corner.

The existing two-lane road, way included in the \$541-mile project will be resurfaced and two new lanes will be added. A median strip will separate the dual traffic lanes.

The contract, awarded to Brinson-Allyn Construction Company of Tampa, also includes construction of 125-foot bridge over Sugarland Canal at the west city limits of Clewiston.

The Tampa company will be allowed 360 days to complete the project.

This project connects with another one already in progress on U. S. 27 between Whiddens Corner and Moore Haven. The 5.7-mile project underway includes 6.65-mile of four-lane and the remainder is two-laning.

They gave two hickory plaques white and red with green leaves, a mounted horse-shoe crab and additional pieces of driftwood.

The Librarian, Mrs. Bettie Harris and the board extend their thanks and appreciation for these donations.

Social Security Funds For Retired Workers

Social security disability payments at age 50 to age 65 are the same as those payable to retired workers 65 and over, according to Mr. R. C. Gehrkens, Jr., Manager of the West Palm Beach office.

A disabled or retired worker's benefits range from at least \$33.00 a month to about \$120.00 a month, depending on the worker's average monthly earnings over the years. For example, if the average earnings are \$200 per month, the benefits to a disabled or retired worker would be \$84.00 per month. Wives and dependent children of disabled workers are eligible for monthly benefits the same as wives and dependent children of retired workers. These benefits are in addition to the benefits paid the disabled worker. Anyone interested in more information about the disability provisions or any phase of the social security program is urged to get in touch with the social security office at 501 N. Olive Ave., West Palm Beach, for current and correct information.

Churches of Christ Scientist

Universal availability of the healing and saving power of the Christ, Truth, will be a theme dealt with at Christian Science services Sunday.

The account of Christ Jesus' healing of the woman "which had a spirit of infirmity eighteen years, and was bowed together, and could in no wise lift up herself" (Luke 13) will be included in the Bible readings. "Christian Science" will be the subject of the Lesson-Sermon.

A citation to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (495:2): "Truth casts out error now as surely as it did nineteen centuries ago. All of Truth is not understood; hence its healing power is not fully demonstrated."

The universal nature of divine power is also brought out in the Lesson Text to be read from Isaiah (52:10): "The Lord hath made bare his holy arm in the eyes of all the nations; and all ends of the earth shall see the salvation of our God."

Matthews Ordain

To Sacred Order

Word has been received here of the ordination of the Sacred Order of Deacons of Malcolm John Matthews at the Church of Saint Mary the Virgin in Pocomoke, Md., on June 18. Mr. Matthews is a cousin of Douglas Matthews of Belle Glade and Pocomoke.

Nick, as he is known in Maryland, is a brilliant student, having graduated from Marion Institute, established in the University of North Carolina, did graduate work at the University of Maryland and has just recently been graduated from General Theological Seminary in New York.

He was a Russian language expert with the Navy for four years and did missionary work in Mexico last summer and spoke Spanish so fluently the natives thought he was Mexican.

Nick is the first candidate for Holy Orders that St. Mary's parish, established in the early seventeenth century, has ever produced.

New Nazarene Pastor And Family

Dr. and Mrs. Floyd Erickson and sons, Bobby and Dale, of Canal Point, Dr. Randolph and sons, James and Dennis of Cleveland and Greta Tatum of Belle Glade last week moved to Atlantic City, New Jersey, to attend the Youths Congress for North American Youth of the United States and Canada on June 21-25.

The theme "Spotlight on the Bible and the Bible" will be held will arouse interest in the Bible and stimulate a greater study of God's Word.

REV. AND MRS. O. R. SMITH and children Debbie, three and Paul Andy, one, are new comers to the community and are occupying the parsonage at 1323 N. W. Ave. Dr. Rev. Smith, delivered his first sermon at the Church of the Nazarene June 12. He comes from Jackson, Miss. and is a graduate of Olivet Nazarene College, Kansas, Ill., and of the Nazarene Theological Seminary, Kansas City, Mo. He also has schooling preparing to teach school. The church field is fortunate to have Rev. Smith in their midst and the community extends a welcome to them.

Sermon Topics

Everglades Presbyterian Church: "Where Is Your Faith?" will be delivered by Rev. W. W. Preston at the morning service, and at the evening service "Revelation and Soul Winning."

St. Peter's Lutheran Church: "The Greatest Thing That Can Be Said About God" will be the subject of the sermon by the Vicar the Rev. August Koerber, Sunday a. m.

First Baptist Church of Dr. S. S. Hill will speak on "How Big Is Your God?" at the morning service and at the evening service "Filled With the Fullness of God."

The Sunday School will continue its weekly sessions during the months of July and August. There will always be some teachers present to lead the different classes. The weekly services of divine worship will also be held on every Sunday during July and August.

Informed Visitor

High In Praise For Mausoleum Gardens

Mr. Bob Douthett, general manager for Everglades Mausoleum Gardens, announced that there will be a Sunday School and Bible School picnic at 4 p. m. All members and friends are invited to come and bring a picnic supper, cold drinks will be provided.

The main speaker for the event, Wallace M. Parker, attorney at Law, Pittsburgh, Pa., and one of the best informed in the field of legal-legislative problems of cemeteries, gave a very informative talk on this phase of cemetery management.

Mr. Richard P. Brooks, one of the founders of Eterna-Bright Company of Indianapolis, Indiana, visited Belle Glade's Memorial Gardens enroute to the Miami convention. He was high in his praise of the project, pointing out that in his visits, and he covers cemeteries all over the nation, this is one of the most promising for beauty and quality construction of any.

"Starting out with everything new, beautiful white and pink marble, the simplicity of design and economy of quality construction, this promises to be one of the finest cemeteries in the south," he said.

Service Column

Second Lt. Donald D. Pickett, 24, son of Mrs. John T. Pickett, Sr., 2079 Bacon Point Rd., Pahokee, Fla., recently completed the eight-week officer basic course at the Army Armor School, Fort Knox, Ky.

Lieutenant Pickett received training in the duties appropriate to a platoon leader in a tank or reconnaissance company.

Pickett was graduated from Pahokee High School in 1954 and from Florida State University in 1959. Before entering the Army he was employed by Oscola School, Belle Glade.

Becks Honored On Silver Anniversary

Mr. and Mrs. Herbert D. Beck were honored at Open House on their 25th wedding anniversary at the home of Mr. and Mrs. E. F. Allen Monday night.

White and pink hibiscus arrangements were used about the room and on the mantel. The refreshment table, covered with a silver lace cloth held a large cake decorated in pink and silver, crystal punch bowl, silver mint and nut compotes, tall pink candles in silver holders and a floral centerpiece of pink carnations and silvered foliage in an antique silver container. Mrs. Beck greeted guests wearing a pink voile dress and an orchid corsage with white and silver ribbon made by Mrs. Irvin Zump. Mr. Beck had a pink boutonniere. Soft background music was furnished by Hi-Fi recordings.

Many lovely gifts of silver or silver trim were received by the honored couple, who have made their home in Belle Glade since marriage on June 20, 1935.

In West Palm Beach. About fifty local friends called during the evening and out of town guests were Mrs. Roy Shrontz, mother of Mrs. Beck and Mrs. Charles Beck, mother of Mr. Beck of West Palm Beach, Mr. and Mrs. Gideon H. Brown, Clewiston and Mr. and Mrs. Warren Wyrill, Paris, Ill.

Florida Economy

(Continued From Page 1)

ing, they believe it can be done if current rates of growth are maintained.

The report cautioned that increasing manufacturing employment alone will not automatically increase per capita income. It said that without an increase in those manufacturing industries which call for highly skilled labor and necessarily involve higher wage rates, an increase in overall income from manufacturing activities will tend merely to maintain rather than raise present levels of per capita income.

"Although in recent years a good deal of attention has been concentrated on education, health, and welfare, additional expansion and improvement of these services will be required to adequately provide for the needs of the state's growing population," the report warned.

A special section of the report is devoted to the state's development companies. In this field, the researchers reached this conclusion:

"Adequate enabling legislation for planning, zoning, subdivision control and building regulations is required. Greater geographic coverage and a higher level of enforcement in many communities is called for to preserve the state's attractiveness as a place to live, work and visit. Operations of land development companies must be regulated in the public interest and current state regulations over these companies strengthened."

On tourism, the report had these observations:

"State sales taxes paid by tourists have been estimated as high as 18 percent of total collections. Although the coverage of the sales tax was enlarged at the last session of the legislature, the tourist will continue to contribute more to tax revenue than he consumes in public services."

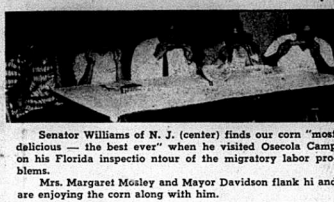

"In addition to our matchless natural climate - our wonderful Florida weather which attracts so many of our fellow Americans to come and make their homes with us - we have created an even more important overall climate."

"This is the climate of governmental integrity. "It is also the climate of no racial furor.

"And it is a climate of friendliness to business opportunities. "It all adds up to the soundest, healthiest and growingest state in America."

Hospital Facilities Explained To Lions

E. F. Saunders, administrator of Belle Glade Memorial Hospital, was guest speaker at the Lions Club luncheon meeting held Wednesday at the Country Club.

Mr. Saunders explained the facilities of the hospital including the recent installation of a new dishwasher and complete laundry equipment. He also told of future developments anticipated and pointed out the hospital now has a staff of 60 employees.

B. Mathis presented the Club with a large new flag and also each member with a pamphlet with the history of the flag.

Installation of officers for the coming year will take place next Wednesday at the regular meeting.

CARD OF THANKS

I wish to express my thanks and appreciation for all the cards, flowers, and the kindnesses shown me while I was hospitalized. A special thanks to Okeelanta Sugar Mill Lodge No. 2152 for their kindness, and to the doctors and nurses who gave me such fine care.

S. M. McAllister

THANK YOU

To our many friends in the Glades area who were so thoughtful during our bereavement we extend a sincere thanks. Your comforting words, the lovely flowers and cards were a great help to us. We also thank Dr. Gray and the Belle Glade Hospital staff for their help and kindness. May God richly bless each of you.

Mr. and Mrs. J. B. Rhodes and family.

It's thrifty to save S&H GREEN STAMPS

... and lots of fun too!

Saving for the things you want can be lots of fun, when saving doesn't demand any sacrifice or cut-backs in your budget.

That's why the S&H Green Stamp saving plan is so popular today with 25 million families in this and other States.

Saving S&H Green Stamps doesn't require giving up something else. They're extra that you get when you shop at stores that give them. Actually, they're discounts on your purchases — the same kind that manufacturers and merchants receive.

With your filled books of S&H Green Stamps, you can get at no added cost any of 1,500 items of distinguished merchandise — the finest made in America. You'll find them at your nearest S&H Green Stamp Redemption Center. Or order them by mail from the beautiful S&H catalog, if there's no center nearer than 20 miles away.

ENJOY COOL COMFORT Electrically

It used to be "come and sit in the shade on the porch." Now it's "come inside and enjoy cool comfort."

AIR CONDITIONING will make your home a haven from summer's heat and humidity. It will flood your home with cool, filtered air... remove excess moisture, lower the humidity, and prevent mildew. Looks out dust, insects and road noises. You'll sleep better, awake refreshed, live in cool comfort through the hottest summer days.

MODERN ATTIC or WINDOW VENTILATING FANS are other wonderful aids to cool summertime comfort. These powerful fans pull in cooling fresh breezes "in motion," as hot sticky indoor air is forced out.

Don't wait until your house runs a temperature.

Wedgworth Team Rates Top In Improvement

The Baseball players in Wedgworth team have shown more improvement than any in the Little League, according to Ray Wilkinson, League president.

Coach Tom Swager and his assistant Charles Schoenfeld observe a lot of thanks for their outstanding efforts with this new team, as all of the boys are playing for their first year with the exception of one or two players.

The boys themselves have shown a lot of enthusiasm for the game and are to be congratulated on their fine spirit and good play. "Considering the handicap of inexperienced players they're playing a wonderful game," Wilkinson said.

THE HERALD will carry pictures of each of the eight Little League and the four Pony League teams during the next few weeks remaining in the baseball season.

Addition To South Bay School Nearly Finished

The contractors are nearing completion of the new two room addition to the South Bay School. The estimated cost is approximately \$27,000.

The first and second grade will occupy the new addition which is on the East wing of the school and the present first and second grade rooms will house the fourth and fifth grades, thus giving the remainder of the time room for a central library and will be used primarily for Glee club work.

PB County Leads In Traffic Deaths

Palm Beach County led the state in traffic deaths during the first six months of this year, based on figures compiled by the Florida Highway Patrol. The total was 39.

Duval wasn't far behind with 32, Pinellas was third with 30 and, Dade, normally highest in the state, was down to number four with only 28 traffic deaths against another leader was Hillsborough with 27.

One bright spot in the traffic death picture was the fact that 16 counties had NO TRAFFIC DEATHS during that 3-months period of time.

Rainbow Initiates Three Into Order

The Order of Rainbow at its regular meeting Monday night initiated three into the assembly and conferred majority degrees on one. Miss Donna Mae Armstrong received the majority degree, which is given to every rainbow girl who is in good standing when she reaches her 21st birthday.
